Omar Ranti is a Los Angeles based producer, DJ, and curator known for groovy, mind-bending house built for the deeper hours of the night.

Moving between classic house, indie dance, and psychedelic afterhours sounds, his sets blend warm percussion, rolling basslines, and emotional late-night tension.

Omar has shared rooms with Adam Ten, Atish, Lee Foss, Tal Fussman, Elif, Ivory, Volen Sentir, and more across Los Angeles, New York, Miami, Dallas, and Dubai. His appearances include Pachamama Project in Ecuador, Burning Man, Global Ibiza Radio out of Dubai, Do Not Sit On The Furniture in Miami, and selected international dates across Europe and the Middle East.

Beyond the booth, Omar is the founder of Eyez Shut Events and the creative force behind The Artist Pass, building platforms around artist discovery, immersive nightlife, and intentional community. His released originals include O Superman, Late Nite, and Money.
